**EDUCATIONAL OBJECTIVES:**

<b>GRAND ROUNDS:</b> After completion of the conference, the participant will be able to:  1. Implement evidence based guidelines in the treatment of pediatric disease 2. Assess current practices and apply new techniques to improve the quality of care of patients 3. Understand the pathophysiology of pediatric disease and how it relates to clinical treatment of the disease process to improve the care of patients	<b>SPECIALTY CONFERENCE:</b> After completion of the conference, the participant will be able to:  1. Implement evidence based guidelines as they relate to specialty pediatric diseases 2. Understand the pathophysiology of pediatric specialty issues and how this relates to clinical treatment of the disease process to institute improved care practices. 3. Recognize areas of current practice that are no longer meeting current evidence and standards of care. Institute a plan of action to improve and update care provided in these areas.	<b>RESIDENT CONFERENCE:</b> After completion of the conference, the participant will be able to:  1. Recognize the appropriate diagnosis and treatment of the disease state represented by the case 2. Discuss the pathogenesis of the disease state represented by the case 3. Explain the physiology of the disease state represented by the case
