

Unni Udayasankar, M.D., FRCR
Associate Professor, Medical Imaging
Director of Pediatric Neuroradiology
Director of the Neuroradiology Fellowship Program

Dr. Unni Udayasankar is an Associate Professor in the Department of Medical Imaging at the University of Arizona. He is also the Medical Director of MRI at the Banner University Medical Center, Tucson. Dr. Udayasankar is a nationally renowned expert in pediatric imaging with special interest in imaging techniques for evaluation of acutely ill children.

Dr. Udayasankar will be presenting at the 20th Annual Pediatrics in the Desert conference where he will share his knowledge regarding abdominal pain in children. Specifically, he will educate attendees on what types of imaging are appropriate for a child presenting with abdominal pain as well as when imaging should be ordered.
